● Average data   ● nZero data

Your partner to reach net zero

Stop relying on outdated third-party data and opaque averages and gain access to your accurate, first-party emissions data to confidently reach net zero.

Automated

Updates in real-time, 24/7. Allowing your teams to focus on action, not data gathering & uploading.

Accurate

Utilizes your accurate, 1st-party data. Providing hourly insights & a complete view of your carbon footprint.

Auditable

Provides carbon transparency & confidence. Enabling audit-ready, 100% compliant ESG reports.

Built with the intention to align with the GHG Protocol.
Reporting consistent with: TCFD, GRESB, CDP, SASB and GRI.

GRESB   **TCFD** | TASK FORCE ON CLIMATE–RELATED FINANCIAL DISCLOSURES

Unparalleled transparency to your carbon footprint

Scope 1

(Direct) (Reporting company)

Automates your data collection and instantly calculates your carbon impacts.

Scope 2
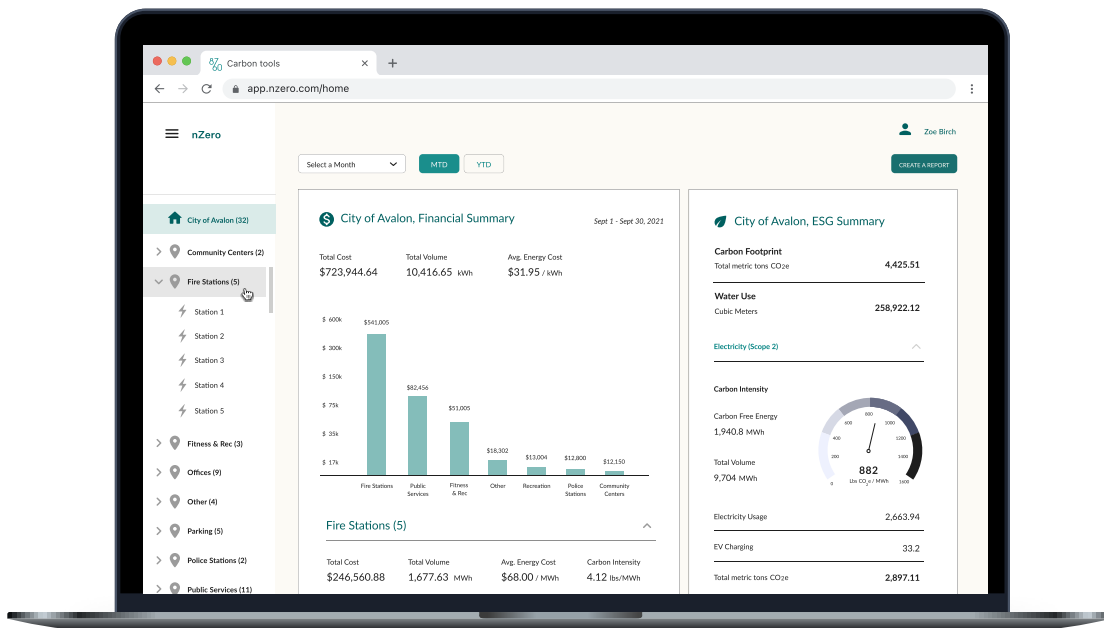

(Indirect) (Upstream activities)

Tracks hundreds of data points on 24/7 energy use, providing you hourly insights.

Scope 3

(Indirect) (Upstream & downstream activities)

Automates data collection & instantly calculates your carbon, water & waste impact

Engage stakeholders. Empower your team.

🌲 Sustainability
- Identify your actual carbon baseline
- Confidently build impact reports & roadmaps to net zero
- Save time on data collection & calculation

📢 Marketing
- Avoid greenwashing
- Know how & where to tell your carbon story
- Transparently communicate carbon initiatives
$ Finance
- Mitigate financial risk
- Create auditable reports & engage stakeholders
- Identify data driven sustainability investments

Product
- Make carbon informed LCAs
- Gain visibility across scopes 1, 2 & 3
- Understand & change carbon impacts of operations
